## COMFORT CALL™

### ACCESSORIES

4.8" w x 3.2" h x .9" d

### FEATURES

What could be more convenient? Whether your customer is heading for home or a vacation home, a quick call to Comfort Call allows them to change settings on their Slimline thermostat, quickly and easily.

Comfort Call allows you to call and 'talk' to your compatible thermostat. Monitoring and controlling your thermostat is now simple and easy from any phone, from anywhere.

Comfort Call employs the latest in voice recognition and synthesis technology. It can tell you the indoor temperature of your home and the outdoor temperature, provided there is a working outdoor sensor connected to the thermostat.

**MODELS:**  
**ACC0433** INCLUDES BOTH THE BASE STATION AND THE RF WIRELESS MODULE

**TALK TO YOUR THERMOSTAT  
FROM ANY PHONE.**

**COMFORT CALL  
LETS YOU ADJUST  
THERMOSTAT SETTINGS  
BEFORE YOU GET THERE.**
